

REPORT FILED ON WATER WORKS CASE

Councilmen Meet in Closed Session to Discuss Action Relative to Franchise.

ALLEY IMPROVEMENT ORDERED

Additional Teams to be Employed Balance of Week to Aid in The Clean Up Campaign.

Following the regular session of the city council last night, a special meeting of the board of works was called for the purpose of hearing the report of John M. Lewis, city attorney, on the outcome of the water company's appeal from the rate deduction order of the Indiana public service commission and to discuss action relative to the franchise which expires January 1, next, unless the property is purchased by the city. The secret session was recommended by the city attorney in view of the fact that the council ought to decide definitely what it intends to do regarding the purchase of the plant before general discussion is opened. It is probable that the matter may be left to a referendum vote of the citizens if the council finds that the case is in such condition that the water plant can be purchased before January 1 at a reasonable figure, based upon the valuation of the property and equipment.

Mayor Burkart brought the matter to the attention of the councilmen but before the discussion had advanced far, the secret session was voted. It is understood that some of the councilmen have expressed an opinion favorable to the purchase of the property if the financial matters can be satisfactorily arranged. Goodale introduced a resolution to improve with some hard surface material the alley in Block C between Indianapolis avenue and Ewing street and between Second and Third streets. The resolution was adopted. The ordinance to increase the salaries of the members of the fire department was also passed.

NEW TRIAL GRANTED IN THE THOMPSON-GALLEMORE CASE

Plaintiff Was Recently Given Judgment for \$750 by Jury in Jackson Circuit Court.

Judge James A. Cox in the Jackson circuit court today granted a new trial in the case of Holmes Thompson, of Cortland, against William B. Gallemore, of this city, for damages, growing out of a sale of hogs. In the trial Thompson was given a verdict for \$750 by the jury. The plaintiff alleged that the hogs were choleric and that his entire herd was affected.

Judge O. H. Montgomery, representing Gallemore, filed a motion for a new trial, upon the grounds that the verdict was not in accordance with the evidence which was presented. Gallemore contended that he did not sell the hogs to Thompson, but to Albert Doane, a stock buyer, who made the sale to Thompson. The plaintiff contended that Doane acted as Thompson's agent in the deal. The court said that he followed the opinion of the evidence and was of the opinion that the verdict was not in accordance with the testimony given and granted the motion for a new trial. The trial date has not been set and probably will not be set for this term of court.

Encampment Closed.

Elkhart, Ind., May 8—The Fortieth annual encampment of the G. A. R. closed today. W. F. Kendall, of Columbus, and H. E. Short, of Greensburg, were chosen to represent the Fourth district at the National encampment.

Seed Corn.

I have received yellow Dent and Johnson county White Dent corn, raised by Harry Tilson of Johnson county who guarantees the germination, at my low price. G. H. Anderson.

Mrs. Frank Short will return today from visiting her parents, Mr. and Mrs. J. H. Boake, Seymour, Ind. —Louisville Times.

NUMBER OF CASES SET FOR TRIAL IN CIRCUIT COURT

Pleas of Guilty Entered and Fines Assessed by The Court in Several State Cases.

Several minor cases have been disposed of in circuit court during the past few days by Judge J. A. Cox and a number of cases that are pending on the court docket have been set down for trial. In the cases of the state vs. Henry Kirsch and Peter Julian both men entered pleas of guilty to the two gambling charges and were fined \$5 and costs. Cecil Ellmore, of Salt Creek township drew a fine of \$10 and costs for failing to answer a subpoena to appear before the grand jury. He entered a plea of guilty to the charge.

In the case of the state vs. Nathan Hall, charged with carrying a concealed weapon a plea of guilty was entered and the defendant was fined \$1 and costs.

The case of Chas. Prichard, of this city, charged with the murder of his wife, is set down for trial on Thursday, May 22. When the defendant's wife was found dead in bed over a year ago, the evidence at the coroner's inquest resulted in a verdict being returned that the deceased's death was due to excessive use of alcoholic liquors. Prichard was indicted by the recent grand jury.

On Tuesday, May 20, the case of the state vs. Harry C. Drake, charged with arson, will come up for trial. Drake, who resides in Indianapolis, is charged with being implicated in the burning of his store building at Clear-spring. The case was continued from last term.

Other cases that have been set down for trial are as follows:

State vs. Frank Franklin, violating liquor laws, Tuesday, May 13.

Cox vs. Southern Indiana Power Co., Wednesday, May 14.

State vs. Frank Franklin, violating liquor laws, May 15.

Rueker vs. Hinderlider, civil case, May 19.

State vs. Turpin, two cases in which check forging is charged, May 21.

State vs. J. M. Fleetwood on charge of failing to answer subpoena to appear before grand jury, May 23.

Knight vs. Southern Indiana Co., May 26.

State vs. Louis Zike, charged with intoxication, May 27.

State vs. Godfrey, charged with intoxication, May 28.

State vs. Frank Franklin, two cases, charged with violating the liquor laws, May 29.

State ex-rel. Eastin vs. Kent et al, May 30.

CHEERING RECEPTION IS GIVEN FIELD ARTILLERY

Number of Local Boys and Former Residents of the City With the Rainbow Division.

Seymour was kept on the hop yesterday evening meeting the sections of the Pennsylvania trains carrying the 150th Field Artillery of the Rainbow division from Indianapolis to Louisville. The factory and railroad yard whistles did a good job at signalling the public when a section approached the city.

Among the Seymour boys on the second train were Reginald and Kingsley Brinklow and Edward Huber. Chester Lumpkin, a former resident, and the Rev. Wiley Wirt, who is also known here, were greeted by many acquaintances as they were taken through the city.

GERMAN CANNON WILL BE GIVEN TO THREE COUNTIES

Jackson Has Fine Chance of Getting One Prize in the Eighth Federal District.

L. C. Griffiths, chairman of the county Victory loan committee, has been notified that three captured German cannon are to be given to the counties in the Eighth federal reserve district which secure the largest oversubscriptions. Marcus Sontag, chairman for Indiana, has informed Mr. Griffiths that Jackson county leads the list to date and has a splendid chance for one of the prizes. It is urged by the committee that those who have decided to buy bonds place their applications at once with the banks so that the county will get credit on its oversubscription.

Mrs. Goldie Baughman has received word that her brother, Guy Weddle, has arrived in the United States. He has been overseas for the past year.

CITY BOUNDRIES MAY BE EXTENDED

Council Decides to Look Into Availability of Establishing New Corporation Lines.

MAYOR APPOINTS COMMITTEE

Proposal That Several of The Suburbs be Included in City to be Given Consideration.

That the corporation lines of the city may soon be extended to include several of the suburbs, was strongly indicated by action taken at the regular session of the city council last night. The councilmen upon the motion of Goodale authorized Mayor Burkart to appoint a committee of three to look into the advisability of establishing new boundaries and a report will be filed at the next meeting. Councilmen Goodale, Emery and Collins were appointed as members of the committee and they will make a tour of the present boundaries early next week.

The matter of extending the boundary lines of the city has been under discussion for some time and it has been strongly urged by some citizens that the new lines be located before the next federal census is taken. It is pointed out that there are several suburbs adjacent to the city's corporation lines which have practically the same advantages of sections within the limits.

The motion by Goodale was made following a statement by Harry

(Continued on page 6, column 5.)

BURGLARY INSURANCE FOR POLICE AUTOMOBILE

Council Decides to Protect the New Touring Car From Theft—Goodale Objects.

The new touring car which was recently purchased for the police department so that the officers could run down burglars more promptly has been insured against theft. This became known at the regular meeting of the city council Wednesday night when Clerk Findley reported that two insurance policies, one for fire protection and the other against burglary, had been purchased at a cost of \$25 a year.

It was explained that the machine may be left standing along the street or in front of the police station and might be stolen by some shrewd automobile thief. Goodale objected to the insurance against theft, declaring that "if the automobile this council buys for the police department is stolen from the policemen themselves, then it is time we're getting some new policemen." However, the other members of the council thought that the fire and burglary insurance was a good investment while the car was new, at least, and approved the appropriation. It is stated that police automobiles in Indianapolis and other cities are insured against theft as well as fire.

LAWS PASSED BY LAST GENERAL ASSEMBLY ARRIVE

Copies of 1919 Acts Are Being Distributed at the County Clerk's Office.

Copies of the 1919 acts of Indiana laws passed by the seventy-first general assembly, of Indiana have been received by Willard Stout, county clerk, and are being distributed to those who are entitled to them. It is said that the supply is somewhat limited this year and those expecting to get one will make no mistake by making application as soon as possible.

The acts of 1919 are in great demand over the state owing to the number of new laws that were passed by the last legislature, as many are anxious to familiarize themselves with some of the most important ones. It is expected that the supply of the 1919 acts will be exhausted within a short time.

Food Sale.

Food Sale Saturday at Hoover's Furniture Store. Benefit Primary Department Christian Church. Sale begins at 11 o'clock.

FORMER SEYMOUR MAN IS MURDERED

Walter D. Wettig, Barber, in New Albany, is Found Dead in Alley in Louisville.

NEGRO CONFESSES TO CRIME

Motive for Killing Baffles Detectives—Cash Found in the Dead Man's Clothing.

Walter D. Wettig, of New Albany, a former resident of this city, was murdered in Louisville Wednesday and five hours after the detectives found the nearly nude body in an alley they arrested James Wathen, aged twenty-six, a negro, who is alleged to have confessed to the crime. Wettig was the son of George Wettig and will be remembered by many local people. He attended the Shields school and later worked in a barber shop. For several years he has owned one of the best located barber shops in New Albany.

The Louisville Times carries the following article relative to the murder and the arrest of the colored man:

The negro told how Wettig had followed him to his room above a garage in the rear of 1209 South Fourth street and how he had killed the white man during a fight. He was lodged in jail.

Following the finding of the man's body and its removal to Neurath's undertaking establishment Chief of Detectives William H. De Forester and Detective Sergeants Brown, Fow, Stucker, Smyser and St. Claire made a minute examination of the

(Continued on page 6, column 1.)

PRESIDENT WILL CABLE FIRST MESSAGE TO CONGRESS

Wilson Will Recommend Passage of Appropriation Bills at Early Date.

By United Press.

Washington, May 8—President Wilson will cable his first message to the next congress to the United States for reading before the joint session, it was announced today.

This, which will be his message on the state of the union, will recommend an early passage of the appropriation bills and it is expected to contain the President's recommendations for proper remuneration for telegraph and telephone companies taken over by the government for war emergencies. In preparing his document, the President will advise with Secretaries Baker and Daniels as to their needs. He is already in touch with Secretary Glass. The peace treaty message will come later and probably will be delivered by the President in person.

WHEAT CONDITION ON MAY 1 IS IMPROVED

Total Yield in County is Now Estimated at 899,915,000 Bushels.

By United Press.

Washington, May 8—The average condition of winter wheat at May 1 was 100.5 percent, of normal, the department of agriculture estimated today.

This represents a gain of seven tenths per cent, over the condition estimated April 1. Based on this report the department estimated the average yield would be 18.4 bushels per acre or a total of 899,915,000 bushels.

SAFELY IN CAMP

150th Field Artillery Arrives at Camp Zachary Taylor.

By United Press.

Louisville, Ky., May 8—The 150th Field Artillery of the Rainbow division, arrived last night at Camp Zachary Taylor and the machinery for demobilization was started grinding today. The 150th was originally an Indiana national guard outfit. Many people went to the camp on this morning to see friends in the regiment.

FOUR ARRESTED AT CROTHERSVILLE WEDNESDAY

County Sheriff Called There to Stop Trouble—Men Pay Fines in Justice Court.

Considerable trouble was afoot at Crothersville Wednesday evening which resulted in H. L. McCord, county sheriff being called there and for a time it looked as if a small riot was going to develop. As a result of the affair Lawrence and Henry Holtzworth and Clarence Kerner were arrested charged with exciting a riot. The men, it is reported, were arraigned before J. S. Campbell, justice of the peace, and entered pleas of guilty to the charge and paid fines amounting to \$12 each.

The affair is a result of one which occurred at Crothersville about noon Wednesday when E. E. Bassett slapped a younger brother of the Holtzworth boys, and as a result of which he pleaded guilty to an assault and battery charge and paid a fine of \$1 and costs. Mr. Bassett claims that the boy had insulted him on numerous occasions and that although he had often warned him that he must stop the practice, he had continued to make insulting remarks but always stayed at a far enough distance so that he could run in case Mr. Bassett attempted to punish him. However, yesterday Mr. Bassett caught the boy and slapped him in the face.

Following the affair with Mr. Bassett, the boy told his brothers who became enraged over the treatment given the younger brother and they decided to thresh the matter out with Bassett when he came home that evening. Mr. Bassett started for his home about six o'clock and was stopped by the Holtzworth boys near the Densford livery barn. Following a few blows between the older Holtzworth boy and Bassett a prominent citizen stepped in and stopped the fight and dispersed the crowd that had gathered. The town has no officer of the law. For a time it is said there was considerable feeling by some of the men who witnessed the affray against Mr. Bassett as the boy had only told his side of the story. Mr. Bassett has only been a resident of Crothersville for about a year having moved there from Frankfort, Ind.

According to reports from Crothersville today the affair has practically died out and no more trouble is expected although some threats had been made. Many of the law-abiding citizens of Crothersville are much enraged over the trouble last evening to the extent that some efforts will be put forth to supply the town with an officer to keep the peace.

SOME FRUIT ESCAPES DAMAGE FROM THE COLD

Early Crop of Strawberries Gone, But Half of Late Crop is Estimated by Growers.

Although the recently low temperatures and freezing weather caused serious and costly damage to the fruit in Jackson county, some of the local growers believe that there is yet a chance for a partial crop of some varieties of fruit. G. C. Borchering, west of the city, who has been following the progress of the fruit closely since the freeze, states that in his orchard about nine out of every ten blossoms on the Grimes Golden apple trees were killed. He says that the effect of this is the same as if the grower had made an extreme thinning of the blooms, and that while the crop will be very small, the quality of the apples maturing will likely be exceptionally good. The cherries were damaged seriously, but a few small cherries remain on the trees, he said.

Mr. Borchering declared that the early strawberry crop is gone, but that there will likely be about a half late crop. The late blossoms were not injured by the freeze, according to growers. While the loss of the big fruit crop is serious, local people will be glad to know that even a partial crop is in prospect.

Must Be Shipped.

Mrs. T. S. Blish, chairman of the local Red Cross chapter, calls attention to the fact that the next quota of refugee clothing must be shipped not later than Monday. Persons having clothing to donate are requested to have it at the Red Cross work shop not later than Saturday afternoon.

ALLIES EXPECTING REPLY IN FEW DAYS

German Delegates Spend Night Analyzing the Conditions of the Treaty of Peace.

BLOCKADE PLANS COMPLETE

Germany Will be Isolated Economically if Signature to Treaty is Refused.

By United Press.

Paris, May 8—That Germany will make known her decision regarding the peace treaty well within the fifteen days limit for discussion, was the opinion that prevailed in allied circles today. Already reduced to military and naval impotence, the Germans additionally face the prospect of economic isolation if they dare refuse the terms presented to them at Versailles yesterday afternoon.

The blockade division of the supreme economic council has begun preparations of plan under which an even more vigorous blockade than obtained during the war will be clamped down on Germany in the event of her defiance. Shortly after conclusion of the meeting at the Trianon hotel, official announcement was made of the "big three's" decision regarding disposition of mandates over former German colonies under the league of nations.

Great Britain and France will make a joint recommendation to the league of nations regarding the future of Togoland and Cammeroon.

The British will exercise a mandate over German East Africa and Pleasant Island.

Premier Clemenceau, in his speech yesterday, made plain that the allies are prepared to sign the treaty as soon as the Germans make known their decision regardless of the day this occurs.

"The German plenipotentiaries will know that they have the maxi-

(Continued on page 2, column 3)

WILSON PLEDGES U. S. WILL PROTECT FRANCE

Action of President Was Center of Discussion in Senatorial Circles.

By United Press.

Washington, May 8—President Wilson's pledge to present to the United States a proposal for an Anglo-American alliance automatically to aid France in the event of an unprovoked German attack was the center of senatorial discussion today.

While general comment on the treaty as a whole was guarded, pending study of the long document, senators indicated the proposed special alliance will cause an uproar in the senate, equaling if not surpassing that expected to center about the league of nations discussion.

The opposition—unless the president departs from his reported intention of making no recommendations when he lays the proposal before the senate—appears likely to come not alone from those hostile to the league of nations, or to the administration, but from democrats who are with the president on all other details of his peace program.

The alliance idea was characterized by some senators today as "the expected surprise." For weeks there has been a feeling among them that at the last minute some startling development would come out of Paris. Though the defensive alliance has been forecast in cable dispatches, contrary reports had practically convinced senators, they said today, that nothing of the sort was being contemplated.

Beharrell Encampment.

Friday, May 9th is stated meeting of Beharrell Encampment No. 109, I. O. O. F., at which the beautiful and impressive Patriarchal and Golden Rule degrees will be conferred on a goodly number of candidates. Patriarchs, and especially workers, welcome.

Wm. Meseke, Sec'y.

# After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons  
Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back.

If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach in an

awful shape. I tried three different doctors but got no relief. As a last resort I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine."

Yours faithfully,  
Fowler, Indiana C. S. Martin  
Dec. 4, 1918

P. S.: If you can make any use of this letter for suffering humanity, you are at liberty to do so. C. S. M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu," fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

### THE PEACE TERMS.

Germany has learned the price of war. The terms of the treaty laid down by the allies are stern and severe. Germany is reduced from her rank of a first class power. She is regarded as a defeated nation, yet one to be feared and the conditions under which she must govern herself in the future are for the protection of her neighbors and for the world at large. Germany has lost the war but the defeat has not changed the character of the nation, and the people must prove to the world that they are willing to live according to the precepts of modern civilization. When this proof is conclusively given the terms can be modified but they cannot be reduced until that proof is given in an unmistakable way.

While the terms upon Germany are harsh, they are not nearly as severe as Germany would have inflicted upon the associated powers in case the kaiser's dream of world domination had materialized. He told the world what he intended to do with his "shining sword" as soon as France and England were completely crushed. But fortunately for civilization the kaiser's sword was broken, his dream failed and today he an outcast in the world and a slave to his own guilty conscience.

If Germany refuses to sign the treaty of peace her troubles will be in their beginning. Today the allies are sending food supplies to the German people. The associated powers are aiding the German people in many other ways. If the German delegates refuse to sign the terms, the blockade will be re-established and the nation will be isolated from the rest of the world socially, economically and industrially. Germany's ruin would then be complete. The German people intended to share with their leaders the glory of victory, but that failed to come. They must also bear the burdens of defeat. They are paying the price of war. Terms less severe would not have satisfied the world.

Jackson county has a splendid opportunity to secure one of the captured German cannons. This was the first county in the Eighth federal reserve district to reach its quota in the Victory loan drive. At the present time we have the largest oversubscription, and if the investors who have decided to buy bonds will act promptly we can close our war work activity with the best record of any county in this district. At the same time we would win one of the three prizes offered by the treasury department.

If it is economy to buy burglary insurance for the police automobile, why not buy burglary insurance for the police station.

ALLIES EXPECTING  
REPLY IN FEW DAYS  
(Continued from first page)

mum period of fifteen days within which to present in English and French their Britain observations on the whole of the treaty," he said. "Before the expiration of the aforesaid period, the German delegates will be entitled to send their reply on particular headings of the treaty, or to ask questions regarding them.

"After having examined the observations presented the supreme council will send their answer in writing to the German delegation and determine the period within which the final answer must be given by his delegation."

"I wish to add that when we receive any observation from the German delegation on any point of the treaty we shall not wait until the end of the fifteen-days to give our answer. We shall at once proceed in the way indicated in this document."

The reply of Foreign Minister Brockdorff-Rantzau, head of the German commission, was of much greater length than had been anticipated. Possibly the most sensational portion of his speech was a virtual demand for immediate admission

# Makes good Taffy 'n Everything

Use less sugar—and add Pennant Syrup in its place the next time you make taffy!

The maple-like flavor of Pennant brings a new delight to all who love candy. And who doesn't? Try Pennant for taffy next time.

You'll quickly find dozens of other uses for this fine syrup as soon as you meet it once. Pure, wholesome and delicious—it gives a new zest to ANY dish. Be good to yourself. Order a can of Pennant from your grocer today.

Air-tight, friction-top can. Easy to open—easy to close.

of Germany into the league of nations.

"Only if the gates of the league of nations are thrown open to all who are of good will can the aim be attained and the dead of this war will not have died in vain," he declared. "A peace which may not be defended in the name of right always calls forth new resistance. Nobody will be capable of subscribing to it with good conscience for it will not be possible of fulfillment. Nobody could be able to take upon himself the guarantee of its execution, which ought to lie in its signature."

Shortly after conclusion of the meeting at the Trianon palace hotel, official announcement was made of the "big three's" decision regarding disposition of mandates over former German colonies, under the league of nations.

## A SURE WAY TO CUT YOUR SHOE EXPENSE

"It has been quite an expense to keep my boy in shoes because he is very hard on them. But since wearing shoes with Neolin Soles his shoe bill has been reduced 66 2/3%," says J. Allison Allen of Amity, Arkansas.

On the importance of Neolin Soles as a money saving factor there are thousands of parents who agree with Mr. Allen. Because Neolin Soles give extra wear where most shoes wear out quickest, they cut your shoe bills down. Ask for Neolin-soled shoes when next new shoes are needed, either for yourself or for your children. You can get them at any good shoe store. And take your worn shoes to the repair shop and have them re-bottomed with Neolin Soles.

Remember—these soles are created by Science to be waterproof and comfortable, as well as long wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

## MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous,  
Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## ALLIED ALLIANCE IN FRANCE'S FAVOR

President Wilson Will Not Make  
Recommendation Along  
Specific Lines.

SENATE TO HAVE DECISION

Pledge is Understood to Have Caused  
France to Reduce Demands  
for Security.

By United Press.

Paris, May 8.—President Wilson will make no recommendation regarding the proposed defensive alliance among the United States, Great Britain and France, when it is submitted to the senate for ratification, it was learned today.

The proposed alliance, it is understood, will be laid before the senate simultaneously with the peace treaty at the special session of congress called for May 19.

Official announcement of the proposed alliance yesterday stated that: "in addition to the securities afforded in the treaty of peace, the president of the United States has pledged himself to propose to the senate of the United States and the prime minister of Great Britain has pledged himself to propose to the parliament of Great Britain an engagement subject to the approval of the council of the league of nations to come immediately to the assistance of France in case of unprovoked attack by Germany."

It was this pledge, it is understood that caused France to reduce her demands for territorial security along the Rhine and to fail to press her amendment to the covenant providing for an international military staff.

The president will not return to Washington until the treaty is signed, it was learned authoritatively today.

## SOCIAL EVENTS

### WIDE AWAKE CLUB

Mrs. A. E. Murphy, Brownstown, entertained the members of the Wide Awake Club Wednesday evening. The evening was spent informally and a luncheon was served. During the evening two new members were taken into the club, Mrs. Lenora Robertson and Mrs. Edgar Welsh.

The members present were Misses Lillian Robertson, Bess Deputy, Pauline Schneider, Malinda Horstman, Catherine Brodhecker, Ellen Welsh, Gertrude Coffey, Mrs. Bernice Browning, Mrs. Lenora Robertson, Mrs. Edgar Welsh, Mrs. Murphy and Mrs. Edgar Allen, of Franklin.

### PRISCILLA CLUB

Mrs. John A. Ross, 625 North Broadway, was hostess Wednesday afternoon to the members of the Priscilla Club. The afternoon was spent in a pleasant social manner after which a luncheon was served. Following the meeting, the members in a body, went to the Pennsylvania station to see the Rainbow Division pass through this city.

### PIPE ORGANO RECITAL

Mrs. and Mrs. M. S. Blish, 311 North Chestnut street will entertain the members of the Monday Musicales and members of the Indiana Study Club with their escorts this evening at a pipe organ recital on an organ recently installed in their home. An informal program will be given by Charles A. Stebbins, an organist from Chicago.

### RECEPTION FOR SON.

Rev. and Mrs. F. M. Moore, Brownstown, have issued invitations for a reception to be given this evening at their home for their son, who has recently returned from overseas service. Rev. Moore is pastor of the Presbyterian church.

### SOCIAL CLUB

The Brownstown Social Club will give a dance at the hall Friday evening.

Muslin Signs, "NO HUNTING NOR TRESPASSING" for posting your farm, 10c each, 90c per dozen, at Republican Office.

Rev. Chas. W. Whitman left this afternoon for Huron where he will deliver a commencement address tonight.

Business Getters, "Republican Classified Advs."

## Good Clothes for Less

That's What You Get at This Store

Three hundred stores buying collectively can—and do—buy for less. This store is one of more than 300 United National Clothiers stores that "pool" their purchases, buy direct and save all the middle expenses and profits. This saving we pass to our customers; that's why we are able to sell such exceptionally fine suits at

**\$25 - \$30 - \$35**

The suits are made of selected woollens, in solid colors and beautiful novelty patterns—worsted, cassimeres and other cloths. Snappy waistline and military styles as well as the conservative effects. Let us show these special values to you. Other suits from as low as \$15.00 upwards. All splendid suits.

## New Indiana Laws.

(By Charles Kettelborough, Director of the Legislative Reference Bureau) Written for the United Press.

County Treasurers—The bond of county treasurers under the present law is at least double the amount of money which may come into his hands at any one time during his term of office and freehold surety only is required. By virtue of an act approved March 14, 1919 the bond must be not less than the amount of money which may come into his hands at any time and bonds may be furnished by a surety company.

Bank Directors—By an act approved March 14 the number of directors in banks of discount and deposit was fixed at a minimum of 5 and the number above 5 may be changed by appropriate by-laws of the association and a majority of the directors must be citizens of the state.

## INVESTMENTS

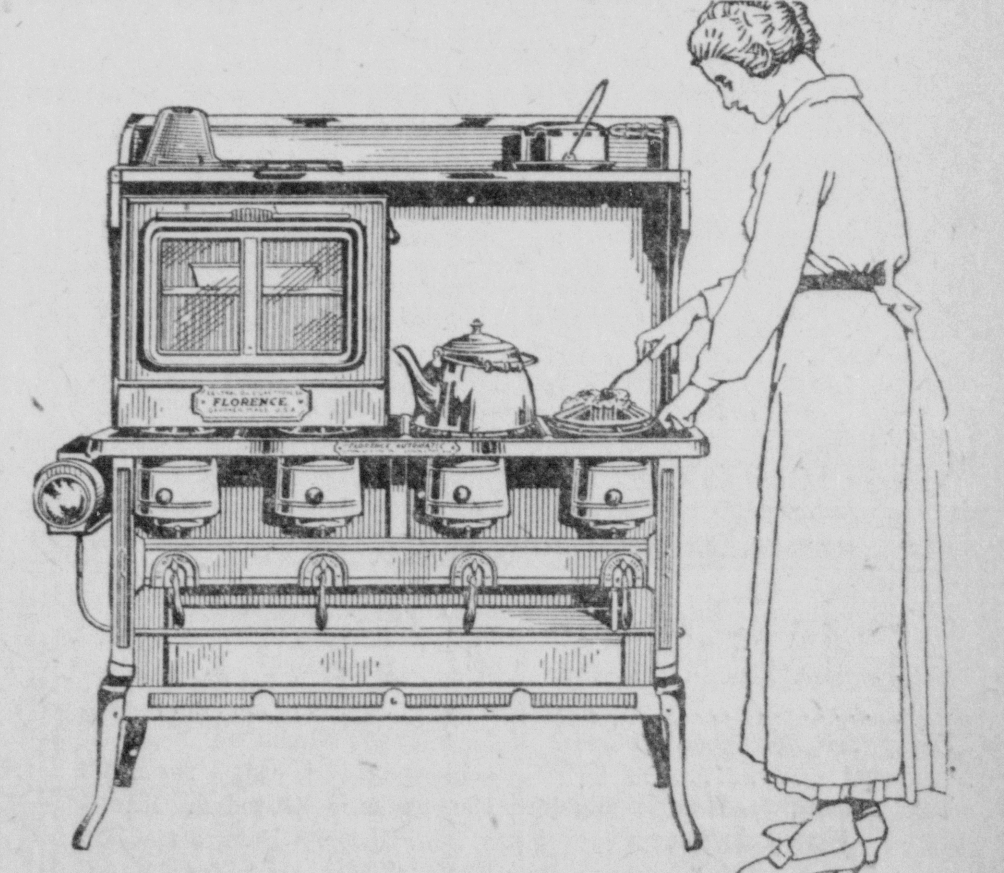

Some folks apparently are getting rich with great ease. In fact, they are the ones who commenced

## FORMER SEYMOUR MAN IS MURDERED

(Continued from first page)

murdered man's wounds and then went to the scene of the finding of

the body. From the fact that all the skin was scraped off the man's shoulders they deduced that his body had been dragged a considerable distance.

The body was lying near a garage in the rear of 1213 South Fourth street. Next door was another garage. In a passageway between the two buildings the detectives found traces of a body having been dragged. Entering the garage back of No. 1209, they found traces of a heavy body having been dragged

down the stairs. On the second floor a locked door confronted Detective St. Claire, who burst it down. Inside he found a furnished room with a folding bed, dresser and settee. In the middle of the floor was a \$1 bill, tightly rolled up.

St. Claire opened the folding bed and lifted up the bedclothes. There was a fresh spot of blood on the mattress, and also blood stains on the spread. In the next room, which is unfurnished, was stretched a line on which hung a blanket, which had been washed recently. Blood spots were noticeable on the blanket.

Taken to his room and confronted by the evidence of the struggle, the negro broke down and confessed. He said that Wettig met him at Second and Walnut streets last night and began following him. He asked Wettig what he wanted, and Wettig made him a proposal. Wettig was drunk, he said. He said he helped Wettig along to his room above the garage.

Wettig remained there some hours, Wathen said. Because he hit him Wettig started a fight, the negro said. He hit the white man with his fists, Wathen said, but the detectives did not believe the wounds could have been caused without a weapon of some sort.

The negro admitted kicking the white man and beating him until he was dead. The theory, in the absence of a weapon, is that the black's heavy shoes broke the man's skull.

The negro admitted he is a degenerate and the police say he has been arrested on such charges a number of times.

Wettig was stark naked when he was killed, the negro said. He then dressed his victim's body as best he

## STOMACH GOOD AS NEW. FOUR DOCTORS GAVE HER UP

Mrs. Hendricks, Bedfast Five Months, Was Able to Work in Two Weeks.

"I was sick last winter for five months with stomach and bowel trouble. Could not turn myself in bed without help. I was under the care of four doctors, and they gave me up. Then Mr. Mills, the druggist, persuaded my husband to try a bottle of Milks Emulsion. I had only taken it two days until I was sitting up in bed, and in two weeks I was doing my own work. When I began taking it, I weighed only 70 pounds; now I weigh 190 pounds."—Mrs. Mary Hendricks, 900 Littlefield Road, Owensboro, Ky.

Thousands of people who have suffered for years from stomach and bowel troubles, have found relief, as Mrs. Hendricks did, almost from the first dose of Milks Emulsion. And it isn't merely temporary relief, but real, lasting benefit.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and bottles. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold and guaranteed by C. E. Loertz

Editorial on Telephone Rate Increase as it Appeared in the Louisville Times of May 2, 1919.

## THE TELEPHONE ISSUE

What there is more heinous in a proposed telephone increase than in a raise in railroad rates, why a plea for higher street-car fares is greeted with outbursts of municipal wrath and a boost in the cement contract price is passed in silence. The Times does not fully comprehend. This newspaper's career in behalf of the consuming public is long enough and clear enough to make it certain that readers will not believe it indifferent to popular justice when it states its opinion that, if increases are to be borne in everything else that makes a part of daily life, those telephone companies (not specifically bound by contracts held binding by the courts) deserve a fair hearing of their case.

Under governmental operation and control it is doubtful whether the companies are subject to local jurisdiction, even of rates, and certainly they should not be the victims of prejudice for any course the Government pursues with them. Restored again to private management their schedules of increase should and will be subjected to close examination, but if they prove their case they are entitled to as much consideration as the merchant and the dealer who tilt their prices toward the rising level.

The evil is general, not local. It is not confined to one type of commerce, and no one type should be made the victim. Such passionate utterances as that credited to the Mayor—that he would root up poles and tear down wires—are trivial in a discussion as grave as the present one. Labor is getting the wherewithal to pay the rising prices; only the salaried and professional class, like the guest of a modern Procrustes, stretches its bones to the breaking-point in a vain effort to cover with its body the vast space between earnings and expenditures, a space that widens constantly.

No prejudice of any sort should lie against a telephone company for attempting to obtain an increase, if figures show its justification in an economic way, and the Times does not believe the citizens will heed any appeal to bolshevism on the part of those seeking the approval of the thoughtless.

## SEYMOUR MUTUAL TELEPHONE COMPANY

Advertisement

could, and dragged it downstairs and into the alley. There was an umbrella also, he said, but that was missing.

Wettig's trousers were half off. He wore a union suit on his legs, but it was not on the upper part of his body. The arms were thrust into a vest, which had been put on backward. The murdered man's shoes, in which had been tucked his socks, were standing fifty feet north of the body, in the direction of Oak street. The bottoms of the man's bare feet were clean, although it was muddy, showing that he had not walked outdoors since his socks had been removed.

His shirt and coat, collar and tie were lying beside the body. The only mark of identification was the name "Wettig" on his linen collar, and through a New Albany laundry he was identified. It was learned from his associates in his barber shop at 225 Pearl street, New Albany, that Wettig had been away on a spree since yesterday morning.

A bruise four inches long was on the left side of his forehead, another a quarter of an inch above this about two and one-half inches long. There was a bruise about as large around as a quarter behind his right ear. Each wound seemed to have been inflicted with some heavy, blunt instrument. Coroner Roy L. Carter, who examined the body said that the man's skull was fractured.

Below the dead man's larynx was a scratch which appeared to have been done with a finger nail. There were several bruises above this point as if he had been choked.

The police also found bruises about his groin and marks upon his person which appeared to have been inflicted by teeth.

Coroner Carter said the man's left arm was broken and his right arm dislocated. The body was lying in the alley with the feet toward Oak street.

Wettig owned his shop at 225 Pearl street, which is considered one of the best shops in New Albany. He lived with his wife, Clara Wettig, and two sons, Wilbur, thirteen years old, and Walter, ten, at 610 East Spring street. He also has a brother, Albert, and two sisters, Mrs. C. Howe of Kokomo, and Miss Cora Wettig, of New Albany. His sister-in-law, Mrs. Cora Kleiber, said she saw Wettig going to Louisville on the 7 o'clock car last night.

The motive of the killing does not appear to have been robbery, for of the \$10 which his associates in New Albany said he had with him when he left, he had \$3.50 in his coat pocket. His watch, of a cheap make, had stopped at 3:20 o'clock.

Mrs. Mary Huff of Crothersville, passed through here Wednesday afternoon enroute to Indian Springs to attend the funeral of Mrs. John Huff.

## LOAN & TRUST COMPANY ORGANIZED AT BROWNSTOWN

Will Absorb the Business of Brownstown State Bank Which Goes Into Liquidation.

A new banking institution has been organized at Brownstown to be known as the Brownstown Loan & Trust Company with a capital stock of \$40,000. The new institution is to absorb the business of the Brownstown State Bank, a large majority of whose stockholders have voted to go into voluntary liquidation, with the object in view that the business of the old institution will be merged with the new bank.

The plan to make the change has been underway for several months with the stockholders of the old bank, but since the year that the bank was organized many of the stockholders have become non-residents of Brownstown and it required time to acquaint them with the movement. It is planned to open the new institution for business June 2.

The directors elected for the new Brownstown Loan & Trust Co., are: Wm. Richards, John E. Kieffer, John C. Brannaman, Roscoe M. Robertson, Fred Steinkamp, Edward Nierman and M. W. Welsh.

## CITY BOUNDARIES MAY BE EXTENDED

(Continued from first page)

Findley, city clerk, that the school board and the township trustee had asked for the location of the southern boundary line. It appears that

King Quality reigns here and prompt pleasing service is his busy butler. If we supply your pantry with its meat wants, the meal time bell rings out a welcome joy to every member of your family.

Office at the Daily Republican Office, 108 West Second St.

the official city plat in the office of the city engineer does not plainly show this line and that there has been a question as to its location for several years. John M. Lewis, city attorney, stated that a few years ago the location of this boundary line was involved in a suit in circuit court and although city plats and other records were presented in evidence the court evaded the point and no definite decision was reached. He said that he doubted if there is any document on file in the city that would conclusively show the exact location of the southern corporation line.

Goodale, who was a deputy assessor, said that a zigzag line had been adopted for the purposes of assessing and showed that it ran through alleys and streets without any reference to a direct course. Goodale said that the boundaries should be permanently and officially established and moved that the mayor appoint a committee to inspect the present lines and report recommendations for any changes which would be beneficial to the city.

The council approved the motion unanimously and indicated a desire to have the corporation limits definitely fixed as soon as possible. A specified procedure must be taken before any addition can be made to the present territory of the city and considerable time will be required to complete the work if the council decides to enlarge the area of the corporate city.

Mrs. Charles A. McGrew of Evansville, is the guest of her daughter, Mrs. J. H. Conner and family.

"Cold in the Head" is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. AFTER CLOUDS COMES SUNSHINE.  
AFTER DESPONDENCY COMES JOY.  
AFTER SICKNESS COMES HEALTH.  
AFTER WEAKNESS COMES STRENGTH.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and barks, which has stood fifty years as the best spring tonic—you will find strength regained. No need to tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue-builder and maker such as this "Medical Discovery" of Dr. Pierce's. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package. Greenbay, Wis.—"Dr. Pierce's Golden Medical Discovery is a splendid medicine. I have used it in my family for many years for coughs, colds and La Grippe. I have used it for these ailments, so have most of the members of my family, and it always gave perfect satisfaction, knowing what it has done for us I highly recommend it."—Mrs. Ed Basche, 421 5th St.

### REPORT FILED ON WATER WORKS CASE

(Continued from first page)

partment to \$75 a month, effective May, was placed on third reading and was approved. The chief will receive an additional \$5 per month for directing the work of the department. Emery and Goodale opposed the ordinance on final vote.

Emery brought up the question of pasturing cows on the Third Ward Park and the chief of police was instructed to notify owners that they would not be permitted to stake their cows on the park.

On motion of Emery the chief of police was instructed to advise merchants and dealers that the sidewalks must be kept cleared of all advertising signs and other obstructions, except for two feet adjoining their buildings. Ireland and Buse opposed the regulation.

Emery reported that a man hole on West Second street near the New Lynn hotel building was in bad condition, that the street was sinking around it and the place had become dangerous to traffic. The Seymour Water Company was instructed to repair it.

On motion of Goodale, the street

### For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes all skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo. Frequently, minor blemishes disappear over night. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

commissioner was instructed to repair a broken tile on North Broadway, near the Southeastern Line railroad.

Hoadley said that a window in the town clock tower was broken and that unless it is replaced the clock will be damaged. The street commissioner was instructed to make the repair.

Hoadley presented the question of operating the street flusher and on his motion Mayor Burkart appointed a committee of three councilmen to look into the cost of hiring a team to operate the flusher two hours each morning during the summer months. Hoadley, Ireland and Collins were appointed members of the committee. Goodale opposed the use of the flusher.

Ireland stated that the extra teams employed for three days for the clean up campaign had been working for that length of time in Fourth and Fifth wards and work has just started in the Second ward. Some of the councilmen said the public was taking advantage of the special clean up week offer by requiring the teamster to haul away material that would burn. After considerable discussion a decision was reached to continue the teams on this work for the rest of the week, if that is necessary.

On motion of Buse the street commissioner was instructed to resurface the south block of Carter street.

Thomas Hopewell offered to pay the city \$41.25 for the use of the city ground east of the city for agricultural purposes, and his offer was accepted.

On motion of Goodale G. F. Pomeroy was instructed to build the city part of the concrete curb and gutter at the intersection of Indianapolis avenue and Fifth street.

A communication signed by a number of residents objected to the Christian Holiness church conducting services in the tent on the Lynn street school property, and asked the council to declare the meetings a nuisance. Ireland stated that the tent had not yet been pitched and that no services had been conducted there, although a special meeting for two or three weeks is being planned. No action was taken on the petition.

The city engineer reported that in his opinion it would not be advisable to change the water course at the Trinity M. E. church and advised the laying of two extra tiles to take care of the water from the north side of the street. The report was referred back to him with instructions to estimate the cost of the work.

On motion of Goodale the street commissioner was instructed to repair the holes in the concrete streets with asphalt as soon as the weather would permit.

Emery reported that complaints had come to him relative to the practice of some automobilists backing from local garages without giving warning to pedestrians on the sidewalks. The chief of police was instructed to notify garage owners that cars being taken from the buildings must give warning and then stop before they go upon the sidewalk. Several near accidents have occurred recently from the failure of car owners to sound proper warning, it was stated.

The following claims were ordered paid:

G. F. Pomeroy, concrete work	\$55.77
C. F. Wolter, horseshoeing	3.85
Melvin Corvey, labor	20.73
Fred Claykamp, labor	22.77
Sam Owens, labor	26.00

## A HOT SPOT Chalmers flattens the hills

A GREAT many persons enjoy the rare luxury of fooling themselves about the hill-climbing ability of their prized cars.

If you put enough power underneath the bonnet you'll get over any hill this side of the Alps.

But big engines don't make the best hill-climbers any more than a bear can climb a tree faster than a cat.

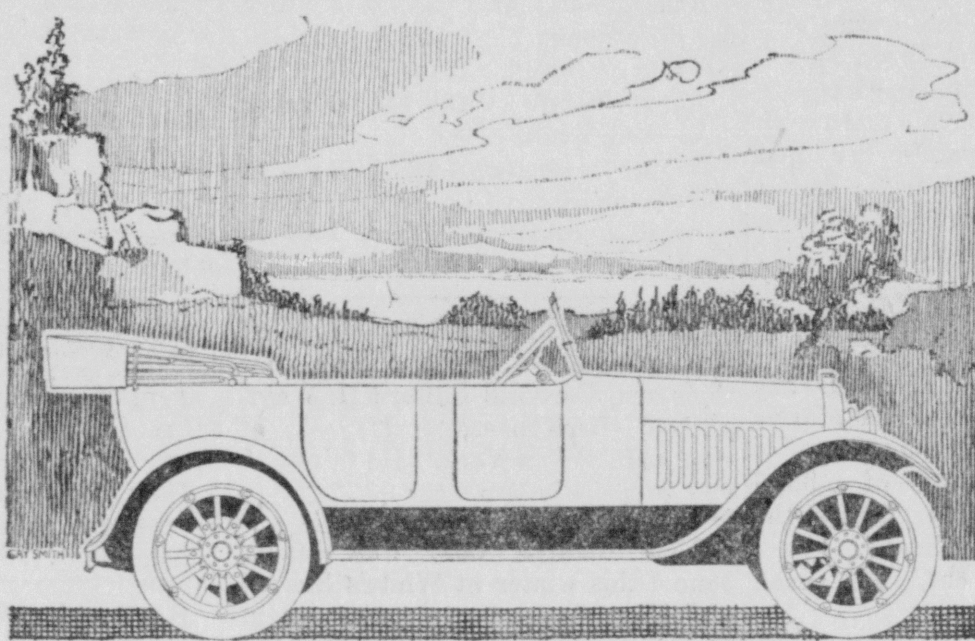

Take the Hot Spot Chalmers. You don't have to make up your mind a quarter of a mile away to turn loose the power for a fast run up the hill.

You can slow down and take it at a slow speed. For it "hangs on" and goes over without a whimper. That is the real test of a hill-climbing car. Try it.

Just why a Chalmers flattens the hills is explained in three major words: Hot Spot and Ram's-horn. These simple little devices mean that for every pint of gas that goes into the engine out comes every bit of power that Mother Nature stored away in that pint.

It means you're getting more for your money every time the engine "turns over" than with any other car.

Which ought to make anyone buying a car now take a look at this present day Hot Spot Chalmers.

# Ford

THE UNIVERSAL CAR

We are experienced, and know how to give service to the owners of Ford cars. We have the same methods, machinery and skill that they have in the Ford Factory, and we use the same Parts made by the Ford Motor Company. Ford owners are doubly guaranteed by us as to the reliability of our service on Ford cars. Don't try to do it yourself, bring your car here. Incidentally we are getting a few Ford cars and are able to make fairly good deliveries.

Touring Car, \$525; Runabout, \$500; One Ton Truck Chassis, \$550; Coupe, \$650; Sedan, \$775. These prices f. o. b. Detroit.
